

SECTION 028200
MAIL BOX RELOCATION

1. DESCRIPTION

This specification shall govern all work for relocation of mail boxes required to complete the project.

2. REQUIREMENTS

Where mail is delivered to residents by means of roadside mail boxes, the Contractor shall maintain access to these mail boxes throughout the course of construction. Due to the existing location of mailboxes, the Contractor shall, in some cases, be required to move the boxes to temporary locations. Upon completion of construction, the Contractor shall be required to erect the moved mailboxes to a permanent location. Any materials or labor required for either the temporary or permanent move shall be considered subsidiary, and no direct payment shall be made.

It is the intent of this item to provide the residents with mailbox facilities at least equal to or better than those existing prior to construction.

In all cases, the temporary and permanent locations of all moved mail boxes shall be in accordance with U. S. Postal Service requirements with regard to height, distance from roadway, accessibility, etc. It shall be the Contractor's responsibility to contact the U. S. Postal Service and gather information as to their requirements.

3. MEASUREMENT AND PAYMENT

Unless otherwise specified on the Bid Form, mail box relocation shall not be measured for pay but will be considered subsidiary to the appropriate item.
