Notes

Revenue:

- (1) Fleet Replacement - Auction proceeds received over budget
- (2) Other Employee Benefits - Increased enrollment in Dental higher than budgeted

Expenditures:

- (1) Fleet Replacement - Purchases of vehicles and equipment for Police, Streets, Gas, and CCW have not yet been received. The amount of these expenditures will be recorded when the equipment is received.
- (2) Health Benefits-Citicare - (26) Claimants >75K with a spend of \$4.35M, (27) Claimants >50K with spend of at least \$1.3M - The nature/diagnoses of claimants have costly medical & pharmaceutical cost. The aggregate claims of the overall civilian population coupled with the aggressive per employee per month (PEPM) rates (lower expenditures) is causing the large variance. This will be on-going for remaining of fiscal year.

Fund Balance Financial Policies

General Fund: It is the goal of the City Council to build and maintain a reserve in the General Fund unassigned fund balance of regular general fund operating expenditures up to 20% of total annual General Fund appropriations, exclusive of any one-time appropriations.

Enterprise Funds: It is the goal of the City Council to build and maintain an unreserved fund balance in each of the Enterprise Funds of a maximum of 25% of the annual Enterprise Fund appropriations, exclusive of any one-time appropriations, and anything over that amount shall be designated for specific purpose(s). This subsection only applies to Water, Wastewater, Gas, Storm Water, Airport, and Marina fund balances.

Internal Service Funds: It is the goal of the City Council to build and maintain an unassigned reserve in each Internal Service Fund listed below, of up to 5%, of annual Internal Service Fund appropriations, exclusive of any one-time appropriations. This subsection only applies to the Information Technologies, Contracts and Procurement, Engineering Services, Fleet Maintenance, and Facilities Maintenance.

Group Health Plans Funds: It is a goal of the City to maintain a fund balance in the group health plans to (1) pay any associated administrative costs and claims run-out based upon the most recent actuarial study in the event the plan ceases or a change in the third-party administrator is made; and to (2) hold a reserve for catastrophic claims equaling 10% of projected medical and prescription claims.

General Liability Fund: It is a goal of the City to maintain a fund balance in the General Liability Fund (1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report; (2) to provide additional protection against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average incurred costs of claims experience over the prior five-year period; and (3) to protect against significant cost increases in the fiscal year for purchased insurance coverage premiums equaling 25% of the cost for purchased insurance over the prior year.

Worker's Compensation Fund: It is a goal of the City to maintain a fund balance in the Worker's Compensation Fund (1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report; and (2) to protect against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average of incurred costs of claims experience over the prior five-year period.

Debt Service Reserve Fund: The City will strive to maintain a debt service fund balance for bonds, certificates of obligation, tax notes, and other debt instruments of at least 2% of the annual debt service appropriation(s) for the fiscal year; provided, however, this requirement shall comply with the provision of Treasury Regulation 1.148-2(f) which limits the amount of reserve funds that may secure the payment of debt service on bonds.

Fund Balance Summary

General Fund - The total fund balance is expected to be \$76,385,394 which is 21.5% of annual appropriations. FY 2025 Budget includes \$13 million of one-time expenses which reduced the fund balance.

Enterprise Funds – Per the Financial Policies of the City a reserve of at least 25% of annual appropriations in the Water, Wastewater, Gas, Storm Water, Airport, and Marina fund is required, anything over that amount shall be designated for specific purpose(s). The Enterprise Funds covered by this policy are in compliance. Fund balances in excess of 25% of annual appropriations in the utility funds (Water, Wastewater, Storm Water and Gas) are transferred for the purpose of cash funding projects in the Capital Improvement Program. Any excess above the 25% reserve in the Airport fund is typically used as a grant match for Federal Aviation Administration (FAA) projects.

Internal Service Funds – These funds are required to maintain a fund balance of up to 5% of annual appropriations, exclusive of any one-time appropriations. The policy applies to the Contracts and Procurement, IT, Fleet Maintenance, Facility Maintenance and Engineering Funds. All of the Internal Service Funds covered by this policy are in compliance.

Special Revenue Funds – Special Revenue Funds are, by definition, legally restricted to expenditures for specific purposes. All Special Revenue Funds have positive, adequate fund balances.
