Budget and Finance Report

Fund Balance Summary

General Fund - The total fund balance is expected to be \$67,495,019 which is 20.4% of annual appropriations. FY 2025 Budget includes \$13 million of one-time expenses which reduced the fund balance.

Enterprise Funds – Per the Financial Policies of the City a reserve of at least 25% of annual appropriations in the Water, Wastewater, Gas, Storm Water, Airport, and Marina fund is required, anything over that amount shall be designated for specific purpose(s). The Enterprise Funds covered by this policy are in compliance. Fund balances in excess of 25% of annual appropriations in the utility funds (Water, Wastewater, Storm Water and Gas) are transferred for the purpose of cash funding projects in the Capital Improvement Program. Any excess above the 25% reserve in the Airport fund is typically used as a grant match for Federal Aviation Administration (FAA) projects.

Internal Service Funds – These funds are required to maintain a fund balance of up to 5% of annual appropriations, exclusive of any one-time appropriations. The policy applies to the Contracts and Procurement, IT, Fleet Maintenance, Facility Maintenance and Engineering Funds. All of the Internal Service Funds covered by this policy are in compliance.

Special Revenue Funds – Special Revenue Funds are, by definition, legally restricted to expenditures for specific purposes. All Special Revenue Funds except Reinvestment Zone #5 have positive, adequate fund balances. Development in Reinvestment Zone #5 is at a standstill and the future of this fund will be determined at a later date.
